RELEVANT WORK EXPERIENCE

Prosperity Now, Applied Research, remote (based in Philadelphia, PA)

Research Scientist [2 years 4 months]

2023-2025

- Conducted data analysis and visualization for applied research projects; wrote reports and blog posts.
- Mentored and managed junior coworkers; streamlined data workflows & pipelines.
- Designed and developed a novel methodology to estimate local wealth disaggregated by race/ethnicity using SQL, Python, R and Stata.
- Translated complex methods and findings to non-technical audiences, including CEO & funders.

Amazon.com, Alexa Economics & Measurement, remote (based in Philadelphia, PA)

Economist Intern [3 months]

Summer 2022

- Extracted data using SQL; adjusted a Double Machine Learning (DML) model in Python; implemented matched difference-in-differences methods in Stata to validate and expand an existing production model.

Princeton University, Department of Economics, Princeton, NJ

Teaching Assistant [4 semesters]

2020-2022

- Graduate Student Teaching Award for ECO313 Econometric Applications (Spring 2021).
- Taught online and in-person Econometric Applications and Introduction to Microeconomics; co-advised and mentored 18 undergraduate economics students on their junior theses (three prize winners).

Research Assistant for Prof. Leah BOUSTAN (3 months)

Summer 2019

University of Chicago, Booth School of Business, Chicago, IL

Research Professional [2 years]

2016-2018

- Wrote Stata code for the behind-the-scenes running of a randomized field experiment; cleaned and analyzed data; conducted literature reviews; supported presentations and paper (re)submissions.

SELECTED RESEARCH

- [White Flight from Asian Immigration: Evidence from California Public Schools](#) (with Leah P. Boustan & Tammy Tseng), *Journal of Urban Economics: Insights* (2024).
- [Vertical Connections Matter: School Alumni Networks and Labor-Market Outcomes](#), working paper.
- [Tightening Immigration Policy: Unintended Consequences on Hispanic U.S. Citizens' Healthcare-Seeking Behavior and Health Status](#), working paper.

EDUCATION

Princeton University, Princeton, NJ

Ph.D., Economics (advisors: Prof. Leah BOUSTAN & Prof. Ilyana KUZIAMKO)

2023

M.A., Economics (fields: Labor Economics & Public Finance)

2020

University of Pennsylvania, Wharton School, Philadelphia, PA

Visiting Ph.D. Student in Economics, IvyPlus Exchange Scholar Program

2022-2023

Sciences Po, Paris, France

M.A., Economics & Public Policy, *Summa Cum Laude* (ranked 1st)

2015

- Recipient of the Best Master Thesis in Economics award, thesis advised by Prof. Quoc-Anh Do

B.A., Social Sciences, concentration in Economics, *Cum Laude* (top 10% in 2011-2012)

2013

TECHNICAL SKILLS & LANGUAGES

Expertise areas: Causal inference, applied microeconomics (labor, public, education, health).

Programming/software: Stata, Python, R, SQL (Redshift, BigQuery), cloud environments (AWS, GCP), L^AT_EX, Microsoft Office, Git.

Languages: French (native), Chinese dialect of Wenzhou (native), English (fluent), Spanish (advanced), Mandarin Chinese (basics), Russian (beginner).
